

FAIR HOUSING & LEAD

Did You Know?

Landlords cannot refuse to rent to you because you have children, or because there is lead paint in the home.

Discrimination is against the law.

Massachusetts General Laws and the Federal Fair Housing Act prohibit discrimination.

The following organizations can protect you from discrimination during your housing search:

The **Boston Childhood Lead Poisoning Prevention Program** can give you information about lead poisoning and help you with getting a lead inspection. Call (617) 534-5966 or visit www.bphc.org/lead

The **Fair Housing Center of Greater Boston** can help you pursue your fair housing rights. Call (617) 399-0491 or visit www.bostonfairhousing.com

For more information, call us at 617-534-5966
