

BPHC Asthma Prevention and Control Program

Serving all ages

We offer 2 FREE services to address asthma in the home.

Asthma Home Visiting Program

The AHV program is currently conducting virtual asthma visits; please continue to reach out to us with referrals via our website. We are still actively supporting families virtually and providing supplies to those who qualify.

Breathe Easy at Home Program

The BEAH program is doing a mixture of virtual and in-person inspections. Please visit the BPHC Asthma Program website for resources and to make either an AHV or BEAH referral.

www.bphc.org/asthma

- **We are also available to do virtual presentations** to review both programs and highlight other resources to help serve staff and client needs.
- Please feel free to reach out to Nathalie Bazil (AHV coordinator/CCHW) or Darris Jordan (BEAH coordinator) if you have any other questions or concerns. **617-534-5965 or asthma@bphc.org**.

We encourage BPHC and City of Boston staff to reach out as well.

**Thank you for your hard work, especially during these tough times.
Stay healthy and safe.**
