Moreover, the Council efficiently responds to the changing face of the epidemic with regards to all affected sub-populations and impacted regions within the Boston Eligible Metropolitan Area (EMA). The Council seeks to effectuate its mission by:

Planning Council membership shall reflect the broad-based community within the Eligible Metropolitan Area. Particular attention shall be paid to ensuring that the Planning Council, through its membership, is representative of all populations currently and/or likely to be affected by HIV/AIDS in the Boston Eligible Metropolitan Area. Members will reflect, as accurately as possible, the demographics of the EMA. A minimum of 33% of the members of the Planning Council shall be individuals who self-identify as being infected with HIV/AIDS, who are not officers, employees or consultants to any providers receiving Part A funds and who reflect the demographics of the populations of individuals with HIV disease. No more than 10% of the members shall be employed full-time by any one municipal or state government or provider.
