Motivational Interviewing

TUESDAY, DECEMBER 19, 2017
9:30 am–3:30 pm

- ◆ Discouraged with trying to get clients to change?
- ◆ Sometimes frustrated that clients seem “resistant,” “non-compliant” or “uncooperative”?
- ◆ Ready to try a new approach?

Motivational Interviewing provides an alternative approach to confrontation as a means of promoting change. Motivational Interviewing combines an empathic style of interviewing with behavioral strategies for helping clients make change. You will learn key principles, techniques and tools of Motivational Interviewing. You will also have the opportunity to practice these techniques with each other. It has been effectively used for a variety of health issues including substance abuse, tobacco use, HIV/AIDS, STIs, weight control, asthma, diabetes, and heart disease management.
