Background

The Boston Public Health Commission (BPHC) is the local public health department for the city of Boston. BPHC's mission is to protect, preserve, and promote the health and well-being of all Boston residents, particularly the most vulnerable populations. Boston Emergency Medical Services (Boston EMS), a Bureau of the Boston Public Health Commission, is the City's municipal 911 pre-hospital provider. Boston EMS has 399 full time uniformed employees and hires new emergency medical technicians twice annually in cohorts of approximately 25 per class to fill vacancies. Members of Boston EMS respond to approximately 125,000 clinical incidents annually. Each member of Boston EMS is required to wear a department uniform, which is purchased through a contracted vendor. Employees have a contractually agreed to credit of \$500 per fiscal year (July 1st through June 30th) to spend on uniform items from said vendor.

BPHC is currently requesting a quote from qualified individuals or firms ("respondents") for uniformed employee uniform clothing and associated equipment, at a location easily accessible to department members working across the neighborhoods of Boston.

The Boston Public Health Commission encourages Certified Underrepresented Business Enterprises (CUBEs) to respond to this RFQ. CUBE's are identified as: Disability-owned Business Enterprise (DOBE), Lesbian Gay Bisexual Transgender-owned Enterprise (LGBTBE), Minority-owned Business Enterprise (MBE), Small Local Businesses Enterprise (SLBE), Women-owned Business Enterprise (WBE), Veteran-owned Business Enterprise (VBE).

Scope of Work
